CUSTER CONNECTIONS

This weekend is our 4th Annual Custer Off-Road Rally, June 10-12. We currently have almost 60 vehicles and over 122 people registered for the event, and we know there will be several people who register the day of the event as well.

We want to give a special thank you to the Custer Search and Rescue crew. They go above and beyond for us, and there's no way our event would be as successful without their help. This crew rides the route (many times), checks our coordinates for the selfie spots, marks the trail, creates the map for AVENZA, trains attendees on AVENZA and then rides the route the day of the event in case anyone needs help. They are such an amazing organization that does so much for our community!

The Forest Service staff has been an asset to this event this year as well. They were a great help in getting our route approved and will be assisting with an educational booth at the event registration/check-in.

Our Mayor and Chamber Board President have important jobs for this event as well...Mayor Bob Brown is leading a guided Mayor's Ride through Needles Highway and Board President Amy Bailey is leading a guided President's Ride to Mt. Rushmore on Friday night. We appreciate them volunteering to do these rides!

THE BLIND GUY

This week's Membership Spotlight features NEW member, The Blind Guy. We are excited to introduce this business to our community. Below are a few words from Mark.

Since 2003, The Blind Guy Custom Window Coverings has been providing the Black Hills area with quality products at competitive prices. All with exceptional customer service.

"It was one of those March days, when the sun shines hot and the wind blows cold. When it is Summer in the light, and Winter in the shade." -Charles Dickens-

The Blind Guy is a full-service, Shop-at-Home business. We come to your house, measure, show the samples, help with the design and application for the perfect window coverings for your home. We offer all types of interior/exterior window coverings and sun control products including motorization and automation. Hunter Douglas, Graber and Insolroll are a few of the quality companies we work with. We also offer free in-home consultation and installation. Our main office/showroom is in Spearfish, but my wife and I have recently purchased a home in Custer. We plan to establish a branch office, to better serve the southern hills area and become more involved in the community.

Audience/Who Should Attend:

Responsible and conscientious adults who serve as part of an organization's security ministry or life safety team. **IMPORTANT: This is not a "handgun 101" course. Participants must already have a basic understanding of and ability to safely handle and manipulate their pistol in a controlled manner with a calm demeanor. TAP is a basic, skill-building course but it is not an introductory course for a person who has never fired a handgun or who is not familiar with how to safely handle a handgun.** You need not be an accomplished marksman, but your behavior and actions must demonstrate that you have a keen awareness of the powerfully destructive potential of a firearm. NOTE: at the beginning of class you will be asked to demonstrate how to perform the functions of your firearm and physical measures listed under the "Prerequisites and Physical Requirements for Firearms Training" section. If you cannot perform these tasks you will not be allowed to continue with the course.

All participants should be prepared to undergo a nationwide background check as a requirement to participate in this training.

Synopsis:

This dynamic and life-changing course is intended as an introduction and foundation for the base skills necessary to act as a discreetly armed protector as part of a life safety team. We combine the fundamentals of marksmanship with basic tactical principles to teach you skills for how to fight and defend life with a handgun. Our discussions include the lawful and biblically proper use of force supported by Supreme Court case precedents. These skill competencies include deploying your pistol, firing, maintaining situational awareness, and managing your gear while:

Required Gear and Equipment:

- Pistol according to listed acceptable guidelines
- Holster according to listed acceptable guidelines
- 4 magazines or speed loaders for your pistol
- Belt-mounted pouch to carry at least 2 spare magazines or speed loaders (you must be able to carry a minimum of 24 rounds of ammunition on your person for all exercises)
- High-intensity flashlight (tail cap switch preferred) and spare batteries
- Hearing protection
- Wraparound eye protection – prescription glasses are acceptable
- Ballcap or cap with brim
- Jacket, vest, or heavy shirt to conceal your pistol and work from a concealed position
- Knee pads
- Hydration source
- Hand towel
- Sack lunch (*we will not dismiss for lunch, bring your own!*)
- Clothing and footwear suitable for all weather conditions
- Range bag, duffel, or suitable container that allows you to bring all gear to the line with you
- Cleaning equipment and materials in the correct caliber for your pistols

Refund Policy

In order to operate in a manner conducive to all parties involved Strategos International has adopted the following policy as it relates to cancellation and refunds relating to training. Cancellations made more than 30 days prior to a scheduled course Strategos International will provide a refund of 100% of the course tuition. Any cancellation within 15-30 days of the scheduled course Strategos International will provide a refund of 50% of the course tuition. Cancellations within 14 days or less from the scheduled course dates the tuition will be forfeited. We do understand that emergency circumstances do arise and tuitions can be transferred to other courses if proper notification is made. We appreciate your understanding and cooperation in this matter.

2022 MOON WALK SCHEDULE

June 11

Learning and Living with Fire

Julie Brazell / Conservation Coordinator – The Nature Conservancy

Hell Canyon Ranger District – Whitney Preserve

For millions of years, fire has shaped the diversity of life on Earth. While enjoying a short evening hike, learn about local fire history and the important role it plays in the health of habitats and the plant and animal species that depend on it. Join The Nature Conservancy and other fire partners as they share the critical nature of fire as a tool and how we can safely live in a fire-adapted landscape. NOTE: The Whitney Preserve is located eight miles south of Hot Springs, South Dakota along Hwy 71.

July 9

What Comes Out After Dark?

Dr. Jennifer Fowler / Interpretive and Education Volunteer – Black Hills National Forest

Northern Hills Ranger District - Big Trail (Trail #72)

The Black Hills National Forest is home to an assortment of wildlife species. Some of them only become active when the sun goes down. For those recreating after dark, it may be hard to see what inhabits the forest. However, with keen listening skills and a zest to find tracks, scat, and fur, the darkness creates a classroom of discoveries. Take a guided hike into the pines and hardwoods in the Northern Hills Ranger District and learn more about the critters that prefer the night.

August 13

The CCC Forever Transformed the Black Hills

Otto Bochman / Director - Civilian Conservation Corps Museum of South Dakota

Mystic Ranger District - Sheridan Lake South Day-Use Area (Beach Area)

Ranging from roadways to bridges to artistic work inside visitor centers, the Civilian Conservation Corps left a presence in the Black Hills. The Sheridan Lake area displays projects dating back to the 1930s. With a casual walk through the day-use area and nearby campground, participants will gain a better understanding of this important part of American history. Enjoy an evening learning about the relationships between the CCC and Black Hills National Forest.

September 10

BATS Incredible!

Matt Stefanich / Wildlife Biologist – Black Hills National Forest, Bearlodge Ranger District

Bearlodge Ranger District - Carson Draw Trail System (Trail #87)

There are more than 40 different species of bats in North America. Eleven unique species inhabit the Black Hills and Bearlodge Mountains of South Dakota and Wyoming. Take part in an early autumn hike through a pine forest and open meadows and learn about bats and their role in the Black Hills National Forest. Discover new information about bat populations and how the Forest continues to manage against White-Nose Syndrome (WNS).

Supporting Wonder and Exploration since 1946

The Black Hills Parks and Forests Association (BHPFA) is offering 2022 Moon Walk Collector's Pins at each event for \$5.00 each. The sale of lapel pins support the interpretive and educational efforts across the Black Hills National Forest. The Moon Walk Programs are supported by BHPFA through financial assistance and staffing; BHPFA is a non-profit partner with the U.S. Forest Service.

Department of Tourism Partners With More Than Just Parks on New Badlands National Park Short Film

PIERRE, S.D. – In partnership with the South Dakota Department of Tourism, Badlands National Park will be showcased in a new short film released by More Than Just Parks.

“We are incredibly excited about this short film highlighting Badlands National Park. This park has long captivated visitors with its otherworldly landscape including jagged spires, unique colors, dynamic vistas, and wildlife viewing opportunities,” said James Hagen, Secretary of the South Dakota Department of Tourism. “Through the power of visual storytelling, this film will bring a glimpse of one of South Dakota’s finest treasures to millions of households and potential visitors.”

This latest installment in the More Than Just Parks award-winning series was done to not only showcase the amazing recreational opportunities that exist in the park, but also to underscore the importance of protecting South Dakota’s wild places. The Badlands National Park film is the first in a three-part summer release schedule of films showcasing icons of South Dakota’s natural beauty.

“The phenomenal footage, including impressive time-lapse segments, allows us to showcase the beautiful public lands that South Dakotans are incredibly proud to have in our state,” said Hagen. “Badlands National Park is 244,000 acres of pure beauty and wonder. Both the north and south units of the park are stunning homes of treasured history and the largest undisturbed mixed grass prairie in the United States. Best of all, both are available for the public to enjoy daily.”

The partnership with More Than Just Parks was established to highlight South Dakota’s public lands and provide visitors with new ways to explore these landscapes responsibly. The goal of the More Than Just Parks films is to share the beauty of America’s national parks and public lands, encourage people to enjoy these resources responsibly and influence the importance of land conservation.

"There are few corners of the world where immense natural beauty combines with a rugged solitude to create something really special," said Jim Pattiz, co-founder of More Than Just Parks. "Badlands National Park is one of those amazing places, and we couldn't be more excited to share its splendor with audiences around the globe."

Later this summer, viewers can expect to see films focused on Wind Cave National Park and the Buffalo Gap National Grasslands. In 2019, the South Dakota Department of Tourism partnered with More Than Just Parks on a film dedicated to the Black Hills National Forest.

The video can be found online at MoreThanJustParks.com or YouTube.com/SouthDakotaTourism.

The South Dakota Department of Tourism is comprised of Tourism and the South Dakota Arts Council. The Department is led by Secretary James D. Hagen.

[More Than Just Parks](#) is a conservation-minded public lands organization with a mission to share the beauty of America's public lands and encourage their protection. They do this by producing a series of critically acclaimed short films and forming partnerships with like-minded organizations. SOUTH DAKOTA GAME, FISH AND PARKS

Playhouse Road Temporarily Closed Due to Road Construction

PIERRE, S.D. – South Dakota Game, Fish and Parks (GFP) announced that beginning Tuesday, May 31, Playhouse Road in Custer State Park will be completely closed from the junction of Hwy 16A (Iron Mountain Road) to Center Lake. The road will receive a total reconstruction starting at the eastern state park boundary to the entrance of Center Lake. The contractor anticipates having the project completed and the road reopened to traffic by mid-September. Center Lake and the Black Hills Playhouse will remain open and be accessible to the public via Highway 87 (Needles Hwy).

Badlands National Park Environmental Assessment for Emergency Road Repair at Cedar Pass Available for Public Comment

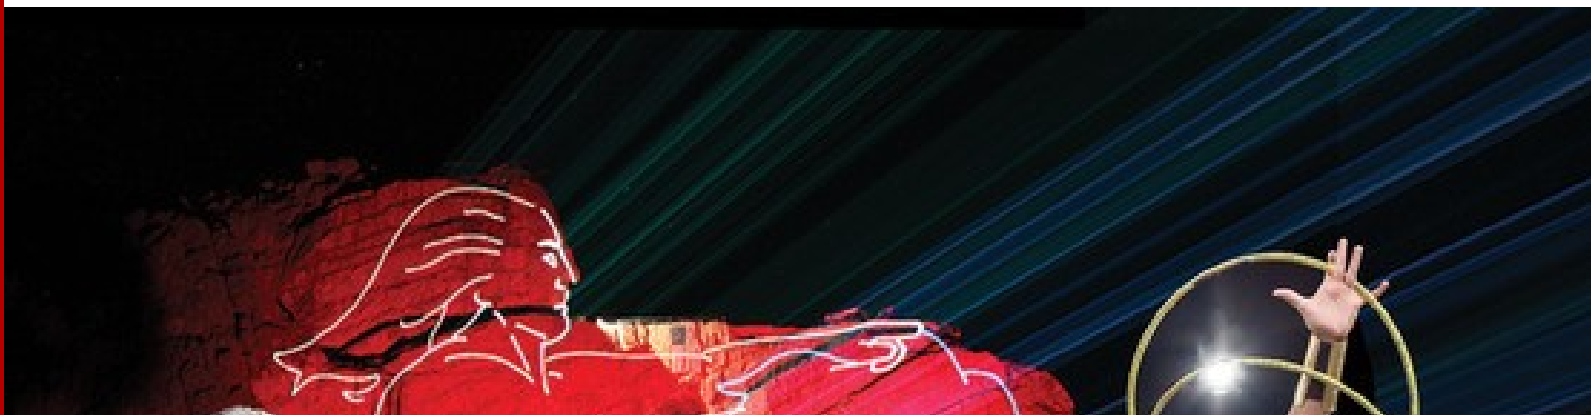

Interior, SD - Badlands National Park's proposed emergency road repair at Cedar Pass and Environmental Assessment (EA) will soon be available for public review and comment on the National Park Service Planning, Environment & Public Comment (PEPC) website. The EA will be available for public review and comment for 15 days from May 28 to June 11, 2022. Comments will be accepted online at <https://parkplanning.nps.gov/LoopRdCedarPass> or by mail to the following address: Park Superintendent Badlands National Park 25216 Ben Reifel Road Interior, SD 57750. Online comments are preferred.

The National Park Service in cooperation with the Federal Highway Administration, Central Federal Lands Highway Division, proposes emergency stabilization to a section of South Dakota Highway 240 also known as Badlands Loop Road. The EA analyzes a proposed action for emergency road repair. Badlands Loop Road is showing signs of slope failure at Cedar Pass. Repairs are needed to mitigate health and safety risks that could result from additional roadway failure. Repairs to the road would stabilize the embankment, improve site drainage, repave the road surface, minimize the need for on-going maintenance, and to minimize impacts to natural and cultural resources.

Please be aware that your entire comment – including personal identifying information such as address, phone number, and email address – may be made publicly available. Requests to withhold such personal identifying information from public release will be considered, but there is no guarantee that they will be withheld.

Crazy Horse Memorial®: Memorial Day kicks off the 2022 Cultural Programming season

May 23rd, 2022 – CRAZY HORSE, SD

The 2022 Cultural Programs at Crazy Horse Memorial® officially kicks off Memorial Day weekend, welcoming over 100 artists and culture bearers who will bring educational material to the Memorial's summer guests!

Friday, May 27th ushers in the first of our Daily Performances on the Veranda Stage with Starr Chief Eagle, Lakota artist and hoop dancer extraordinaire. Daily Performances feature many different cultures and artistic expressions that include traditional and contemporary song, dance, and storytelling. Each performance lasts about 45 minutes and take place daily at 11:30, 1:30, and 4:30 until Sept 30th - amounting to nearly 400 seasonal performances!

Also beginning that Friday is the unique cultural program, Mahkoche Kin (*"The Land,"* in Lakota) - an educational walk with Darrell Red Cloud on select Fridays at 10AM and 2PM. A one-of-a-kind opportunity to see the Black Hills through a Lakota perspective, Mahkoche Kin takes visitors on an hour-long walk around the grounds of Crazy Horse Memorial®. During three stops along the program, Darrell will present about plants and animals, why the Black Hills are sacred and why the Memorial is here, and the land as a home. At the last stop, visitors will have a chance to volunteer in assisting Memorial staff in constructing an authentic tipi. Mahkoche Kin takes place on May 27, June 10, June 24, July 8, July 22, August 12, August 26, and September 23 (weather permitting).

And last but not least, the evening of May 27th is the first night of our celebrated Legends in Light® (nightly) laser light show, starting at 9:30PM!

On May 29th, Crazy Horse Memorial® will welcome Aaron White, the first Living Treasures artist of 2022

who will spend the week teaching visitors how to make their own river cane flute. Additionally that day, Tony Duncan, world-renown hoop dancer and flute player, will be teaching visitors how to hoop dance. The day will culminate in a special performance by the Duncan Family that evening at 6:30PM.

Living Treasures welcomes master artists to teach their craft to visitors. Visitors are encouraged to stop by the Native American Educational and Cultural Center® for 60-90 minutes to learn the hands-on activity while an artist is present. The Living Treasures program dates and activities are as follows: May 29-June 4 (river cane flutes), July 3-July 9 (dreamcatchers), July 31-August 6 (medicine bags), September 4-September 10 (birch bark ornaments), and October 2-October 10 (miniature dance sticks and shields).

Special Performances take place on select dates throughout the year and showcase numerous North American cultures through large scale productions.

All programming is included with admission to the Memorial and each activity is modeled to be completed within 60-90 minutes. A full list of programs for 2022 can be found at [Crazy Horse Memorial Special Events](#).
